Inshalla opened in 1964 as a 9 hole locally owned family course. Although under new ownership since 2017, we continue to be a locally owned family business. Inshalla features a driving range, putting and chipping greens, Pro Shop, bar and grill, banquet/wedding hall, private dining rooms, and we pride ourselves in constantly updating things on the course and in the clubhouse.

The Par 70 layout is truly fun and challenging for players of all ages and ability levels.

WE NEED YOUR HELP!

It's no secret that golf has seen a big boom since 2020 & with the increase in golfers, comes an increase in cart traffic. We are asking all of you for your help in maintaining the best playing conditions we can provide. Most of the summer, we faced lengthy drought-like conditions that stressed many different areas on the course. Around the tees and greens, please keep ALL FOUR TIRES on the blacktop/gravel where it is provided. It doesn't benefit anyone to pull off the cart path or only keep two tires on it. We removed most of the wooden posts/chains that were on some holes to make maintaining the grass quicker and easier & to try for a more seamless look. However, that has increased the amount of cart traffic on the par 3's! Leading to wear areas & "New Cart Paths" next to the greens that shouldn't be there (Right side of 2, left side of 3, right side of 5, left side of 16 as chief examples. A reminder for those that NEED a Handicap Flag, that flag is a privilege & comes with the expectation that you will be even more careful where you drive/park your cart. There are a few areas on the course, that whether you have a flag or not, your cart definitely DOES NOT belong. Between the green & bunker on 7, to the right of/behind 8 green, left of/behind 11 green, anywhere off the cart path on 14, left side of 17 green, left of/behind 18 green are just the most obvious examples. Basic principle would be that if there is a cart path provided (gravel or blacktop), please use it. Our GPS units have been set up to give you brief warnings to get back on the track with where you should be located. Please respect the course.

THANK YOU FOR UNDERSTANDING
